TORTURED TO DEATH

Religious Fanatics Said to Have Caused Woman's Death.

EFFECT OF THE PARHAMITES

Show Their Belief in Their Religion Woman Was Forced to Undergo Tortures Until She Finally Succumbed.

Chicago, Sept. 21.—Five people, members of the sect of Parhamites, were under arrest in Zion City accused of torturing to death Mrs. Letitia Greenhaulgh, 64 years of age, a cripple for twenty years,, to show their belief in the religion tney profess.

The persons under arrest are Walter and Jennie Greenhaulgh, the son and daughter of the woman; Harold Mitchell, Mrs. Harold Mitchell and Mrs. Smith. All of them are accused of manslaugnter.

Mrs. Greenhaulgh had been for 20 years an invalid, suffering from paralysis and rheumatism.

The sect of Parhamites was founded about a year ago by Charles Parham and number about 200 persons. The members of the sect originally belonged to Dowie's church and believe in the gift of tongues, and especially in diabolical possession. It is their theory that sickness is an evidence of the possession of the body by evil spirits.

The condition of Mrs. Greenlaugh convinced her son and daughter and the three persons associated with them that she must be possessed of the devil and they determined to exorcise the evil spirit. The five knelt by the bedside and after praying commenced their work. The arms of Mrs. Greenlaugh, stiffened by rheumatism, were twisted about in order that the devil might be driven out. The cries of the old woman were considered to be those of an evil spirit and were greeted with triumphant shouts.

After a course of this violent treatment, Mrs. Greenlaugh not only became so weak that she could not use her limbs, but became incapable of making any motions. Then her neck was twisted and for some time this treatment was kept up.

Walter Greenlaugh testified at the coroner's inquest that Mitchell and his wife had a vision in which Mitchell was ordered to quit work and devote his time in casting out the demons from the sick. Young Greenlaugh declared that his mother's consent was obtained before the treatment was commenced.

Mrs. Smith's part in the treatment, according to the testimony before the coroner's jury consisted in raising Mrs. Greenhaulgh's head and holding her while Mitchel and his wife attempted to straighten the woman's limbs which had been twisted by years' of rheumatism,

Greenhaulgh broke down and cried as he told his story. He declared that for some time his mother bore the treatment bravely, but at last the agony became so great that she could not restrain herself and she cried "O Lord, help me," a number of times.

The case will be further investigated by the authorities of Lake county, in which Zion City is situated.

"I am Innocent," Said Harrison.

St. Louis, Sept. 21.—An order for Joshua Harrison, who committed suicide while officers were waiting to carry him to begin upon a twenty-year sentence for kidnaping and murdering the son of former North Carolina State Senator Beasley, was on Thursday sent to Jarvisburg, N. C., for burial. In a note found, Harrison said: "I am an innocent man. God knows it; my family know it. I am about to end my life. No one is in any way responsible save the cruel men who imposed that awful sentence."

Railroad Doubles Capital.

St. Paul, Minn., Sept. 20.—The Minneapolis, St Paul & Sault Ste. Marie railroad has filed amended articles of incorporation with the secretary of state. The capital stock is increased from $20,000,000 to $42,000,000.

DOG BALKED BODY SNATCHER.

Canine Faithfully Guarded the Corpse of His Mistress.

Columbus, Ohio, Sept. 21.—A daring attempt to steal the corpse of Mrs. I. L. Northstone who died of a disease that attending physicians and the county coroner could not diagnose, was prevented by a house dog, which aroused the dead watch seated in an adjoining room. A white man of professional appearance was just climbing into a window from which the glass had been removed, when the watchers rushed into the room in which the corpse lay. On the lawn stood a negro in livery, while a third man was attending the team attached to an undertaker's wagon.

The men hastily mounted the cart and drove away at breakneck speed, followed by revolver shots from policemen, who had been attracted to the scene. Information has been lodged against a prominent practitioner whom those on watch claimed they recognized as the man trying to climb into the window.

The attempt is one of the boldest ever known in this city, where, prior to the passage of the state law giving the bodies of paupers to science, body-snatching was common. Those concerned did not even take the trouble to remove the metal name plate of the undertaker from the cart, and it has furnished the police with the best clew.

MANIA TO KILL SEIZED HIM.

Man Slays Another Whom He Had Never Seen Before.

Danville, Ky., Sept. 21.—Thursday Harvey Watts, a lumberman representing a Tennessee firm, walked into the passenger depot at King's Mountain, and placing his grip upon the floor, called Agent W. B. Vandiver and asked him to open it. Vandiver complied with the request ,and Watts took a pistol from the grip, remarking:

"Now, you have opened the grip: I will open you."

He fired, and the ball entered Vandiver's head, killing him instantly. Watts fled to Knobs, north of King's mountain. Vandiver was a native of Harrodsburg, Ky., and belongs to a prominent family.

An officer later found Watts hiding in a hollow stump. He offered no resistance. When questioned about the murder he stated that he had never before seen Vandiver, and was unable to account for his action. Watts was taken to the Stanford jail for safekeeping.

Woman Killed at LaGrange.

LaGrange, Ga., Sept 21—Thursday about 10 minutes before 6 o'clock p. m., Mrs. Narsie Claxton, an aged woman at Unity Mills, was run over and almost instantly killed by a passger train on the Atlanta, Birmingham and Atlantic railroad while crossing the track. Mrs. Claxton lived only about twenty minutes after the accident. She was 67 years old, and was the mother of Rev. Louis Claxton, pastor of the Baptist church at Dixie. She had been living with her daughter.

Was Boy Kidnaped?

New York, Sept. 21.—Another Italian kidnaping case that has puzzled the police for a month, has been solved. Nicola Tomaso, 4 years old, son of a bootblack in east Houston street, was found standing in front of a house in Fifth avenue. The boy said a man named Tony had taken him and two little girls and another boy away on a long trolley ride, and told him to wait on the street until he came back. The policeman found him while waiting. Nicolas' father got many threatening letters before the boy disappeared on Aug. 19.

May Die of Blood Poison.

New York, Sept. 21.—Roseben, peerless sprinter among the thoroughbreds of America, is dying, it is feared, of blood poisoning. David Johnson, his owner, and Frank Weir, his trainer, have slight hopes of his recovery. The champion's illness is due to a stone bruise. During his Sheepshead Bay track race over the [illegible] which he won easily, he picked up a stone and this cut and bruised one of his legs so badly that the injured member began to swell.

FELL FOUR STORIES

Young Girl Was Determined to End Her Life.

HAD QUARRELED WITH LOVER

Surprised by Her Mother in the Act of Inhaling Illuminating Gas, She Sprang from Window and Was Dashed to Death.

New York, Sept. 21.—Surprised by her mother in an effort to commit suicide by inhaling illuminating gas through a rubber tube, Theresa Canning, a young telephone operator, threw herself out of an open window near which she was standing and fell four stories to her death.

She was drawing into her lungs the full flow from a gas yet in her bedroom when her mother opened the door.

At the first sight of her mother the girl dropped the tube and leaped out of the window to the pavement below.

A quarrel with her sweetheart is said to have been the cause of the rash act.

JUDGE HOOK DEAD.

One of Georgia's Distinguished Citizens Called to the Beyond.

Atlanta, Sept. 21.Judge James Schley Hook, former superior court judge, state school commissioner, and associate of Alexander Stephens and Robert Toombs, at the advanced age of 83 yeyars, passed away Thursday night at his home, 521 Courtland St.

Judge Hook had for many years held a prominent place in the esteem of Georgians. He was an impassioned speaker of great persuasive eloquence, and he achieved many important victories at the bar ,at a time when he met such men as Alex and Linton Stephens, Robert Toombs, William M. Reese, the Cummings and Millers, Judge Starnes, Judge Crawford, Hope Hull and other legal lights of that day.

Judge Hook was a man of the highest character, a gentleman of the old school, who throughout a long life preserved the courtly manners and high ideals of the old south. All his life he was a consistent member of the Christian church, in which his father was a distinguished minister.

SUIT FOR $750,000.

Litigation Covering a Period of Half a Century.

Cleveland, O., Sept. 21.—A suit for about $750,000 principal and interest is on trial before Federal Judge R. W. Taylor, here in which James Compton, of Washington, D. C., is plaintiff in an action against the Wabash Railroad company. Compton alleges that prior to the civil war he brought a suit against what is now a part of the Wabash and he sues for the claim with interest covering a period of half a century.

Judson Harmon, of Cincinnati, attorney general in Cleveland's cabinet, appears as counsel for Compton in the case.

The Wabash railroad, through all the years of litigation maintains that it has paid six per cent interest on two mortgages given years ago and has no cash with which to settle the claim of Compton, now nearing 75 years of age.

Troops Arrest Strikers.

Lodz, Russian Poland, Sept. 21.—Troops and police made a sudden secret descent upon the large cotton mill here owned by Marcus Silberstein, who was murdered by his employees September 13, because he refused to pay them for the time they were out on strike. Eight hundred of the workmen were taken into custody.

Chamberlain's Health Improving.

Liverpool, Sept. 21.—John S. Endicott of Boston, who is a brother-in-law of Joseph Chamberlain, left here for Boston on the steamer Saxonia. Before sailing he said Mr Chamberlain was gaining in strength steadily, and that all his relatives were most pleased with his progress towards good health.

AFTER THE HOBOES.

New York, Central Will Make It Hot for the Tramps.

New York, Sept. 21.—A notable effect of the approach of cold weather is the exodus of tramps. The park benches are being deserted and the railroads will soon be obliged to deal with the "hobo" problem.

The roads running out of New York have seconded the decision of the recent conference of railway boards at Minneapolis that the tramp evil is the most serious in railroad operation today and they have referred the matter to their respective chiefs of police. These chiefs will, therefore, gather in this city in a few days to discuss ways and means of meeting the situation.

The New York Central has made a beginning of dealing with the tramp pest by stationing a hundred young men of tried strength and courage on its main line between here and Albany to keep tramps from boarding trains and committing depredations. The youths are sworn as special officers and were empowered to arraign their prisoners as vagrants.

The Central estimates that it loses $20,000 yearly in freight stolen or destroyed by tramps in its Eleventh avenue yards.

A HOPEFUL BRYAN MAN.

Editor Daniels, of Raleigh, Says He Will Eventually Be Elected.

Washington, Sept. 21.—Editor Josephus Daniels of the Raleigh News and Observer and democratic national committeeman from North Carolina, stopped over in Washington, D. C., long enough to reiterate his preference for Bryan as the standard bearer for the Democracy in 1908.

Mr. Daniels compared himself to the old man back in the Kentucky mountains who had cast his first vote for Henry Clay and had been voting for him ever since. "I am for Bryan," Mr. Daniels continued, "and will keep on being for him. He will be elected some time, and when he gets in he will do the things that we want done. In the meantime, while he is out, his example and influence work for him for another reason, and that is that the Democrats are for him. He is stronger in Georgia than Hoke Smith, stronger in North Carolina than Glenn, stronger in Texas than Culberson, stronger in Virginia than Daniel, and stronger in Mississippi than John Sharp Williams."

Two Men Killed by Sewer Gas.

Baltimore, Md., Sept. 21.—Peter Joyce and Howard Smith, the latter a negro, lost their lives Thursday morning at the bottom of a deep hole being dug to make a sewer connection. Joyce entered the excavation first, and was instantly overcome. Smith, seeing Joyce's plight, immediately went to his rescue, only to be similarly overcome. In succession two other workmen risked their lives in the hope of saving the two at the bottom of the hole. Each of these was lowered into the excavation by ropes, and each just succeeded before losing consciousness in attaching a rope to one of the first two who had gone into the pit, both of whom, however, were dead when brought to the surface.

Died in City Ambulance.

Macon, Ga., Sept. 21—H. F. Thomas, 35 years of age, died in the city ambulance on the way to the city hospital Thursday afternoon while being taken from his room to the institution for treatment. He suffered a severe case of pneumonia and was very ill. He was unmarried and has several relatives, being a brother of J. B. Thomas. The remains were taken to an undertaker's establishment and embalmed. His case was not considered critical and the death was a surprise even to the attending physician.

Detroit Waitress Kidnaped.

Detroit, Mich., Sept. 21.—It was reported to the police Friday that Miss Helen Frenchy, aged 20, a waitress, was kidnaped from her room, at 330 Beacon street, by two men who induced her to go with them by representing themselves as police officers who had orders to take her to police headquarters to be interviewed by the officials there.

TO HUNT BIG GAME

President Roosevelt Leading His Guns For Sport.

PITCH CAMP IN LOUISIANA

Executive Will Enjoy Seventeen Days in Camp, Nearest Approach to Genuine Vacation He Has Allowed Himself.

Oyster Bay, N. Y., Sept. 21.—Far from the scene of official routine, and free from the details attendant upon the responsibilities associated with the office of chief executive President Roosevelt will enjoy 17 days in camp. This is to be the nearest approach to a genuine vacation that the president has allowed himself. Though nominally on his vacation at Oyster Bay this summer, there have been but few hours in which official business of some sort has not intruded. A physical and mental recreation as complete as his cares will permit is now arranged.

Big Game in Canebrake.

President Roosevelt will pitch his camp in the northeastern corner of Louisiana, on or about Oct. 5. The exact spot is yet to be determined.

The plans provide for a "camping trip," but every one who knows northeastern Louisiana knows that the canebrakes shelter game worthy of a huntsman of presidential caliber.

Those who will have the good fortune to make pleasant the president's camp expect that the monotony of camp life will be occasionally broken by a hunt.

While the details of the trip have not been thoroughly worked out, the main features were announced by Secretary Loeb. The president will leave Oyster Bay for Washington on next Wednesday ,and on the following Sunday will start on his western and southern speech-making tour.

Will Start for Camp Oct. 4.

At Memphis, Tenn., on Oct. 4, the speech-making tour will be interrupted and the president will start for the camping grounds. He will break camp on Oct. 21, going directly to Vicksburg, Miss., to make his promised speech there.

The president will be the guest while in camp of Civil Service Commissioner John A. McIlhenny, of Iberia, La., and of John M. Parker, of New Orleans.

Following the speech at Vicksburg Oct. 21, the president has consented to make an address at Hermitage, Tenn., on the following day.

The return to Washington will immediately after be begun, and the White House will be reached on the afternoon of Oct. 22.

Sanitary Conditions in Cuba.

Washington, Sept. 21.—The sanitary conditions at the various army posts throughout Cuba are very good, according to the report of the chief surgeon of the army of Cuban pacification. These conditions, it is said, have steadily improved since the occupation by United States troops. Eighteen deaths occurred during that time, principally from typhoid fever. The ratio of deaths to the command was 3,695 per thousand of mean strength.

Prima Donna in a New Role.

New York, Sept. 21.—Mme. Emma Calve, th eprima donna who arrived in New York on the Pannonia, devoted her time during the voyage from Gibraltar to making rag dolls and hats for the children in the steerage. Many little immigrant girls will grow up to tell how the French singer made them happy on the big steamship that brought them to America for the first time. Mme. Calve made fifty rag dolls, distributing them to the children herself.

Lewiston Summer Hotel Burns.

Lewiston, Me., Sept. 21.—The Cobbossecontee Colony, a summer hotel, together with two cottages and outbuildings, a boathouse and a number of boats, were burned on Thursday. The loss is estimated at $17,000, with insurance for $11,000.

Coast Strewn with Dead Fish.

New York, Sept. 21.—A dispatch received here from Progresso, Mexico, says: The entire Yucatan coast 10 miles seaward is strewn with dead fish, presumably from sub-marine disturbance. No report of an earthquake anywhere has lately been sent out from Washington, but it is recalled here that the severe earthquake which affected all the Mexican borders of the gulf of Mexico on April 25 last was accompanied by a tidal wave and the killing of great quantities of fish.

MICANOPY NOTES.

Micanopy, Sept. 21.—Dr. Montgomery and wife left Wednesday on a trip to Jamestown, Washington and other places. They expect to be away ten days or longer.

Mr. and Mrs. Barr and their grandson, John Barr Watkins, have returned from their summer outing. They spent most of their time in Franklin, N. C.

Mr. Baynard left yesterday for Jacksonville, where he went to meet his wife and daughter, who have been away several weeks on a visit to relatives in Delaware and Pennsylvania.

Mrs. Dr. Chowning and sister, from Hawthorn, came on a business trip to Micanopy on Monday and remained over until Tuesday. Both are charming ladies, and made a good impression on all who had the pleasure of meeting them.

The young folks were to have a moonlight pilau on Lake Tuscawilla last night, but it being too damp after the rainstorm, it was moved to the home of Mr. and Mrs. J. E. Simonton, where they had a most delightful time.

School will begin here on the 30th and then the youngsters will have to settle down to work.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

Officers Placed Under Arrest.

Manila, Sept. 21.—Captain James R. Lindsay and Captain Henry S. Wygant, both of the Thirteenth infantry, have been arrested by Col. Daugherborough, their commanding officer, on the charge of engaging in a fist fight on board the army transport Logan lying in quarantine at Nariveles, enroute to San Francisco.

A Philosopher's Opinion.

Benjamin Hammock of Houston county, is one whose wisdom is sought by his friends in time of trouble. Here is one of his sayings:

"When a man resolves to quit by 'tapering off,' it is not long till the tapering end becomes the biggest. The only way to quit is to 'QUIT!'"

We have a flood of autumn poems, and cannot find space for all of them. However, with a little more cold weather in them, and a few firecrackers, they'll come in fine for Christmas.

The Preacher Fixed Him.

"The preacher said in his sermon that the editor was possessed of the devil, an' the editor come out in a piece in his paper an' said the preacher wuz no good."

"An' what happened then?"

"Preacher called on the editor, an' knocked the devil out of him!"

The Editor On the Warpath.

The editor of The Adams Engle, as well as his readers, is on the warpath. He says:

"It's well that that traveling barber who cut the hair of twenty people in this town last Saturday traveled faster than the folks who pursued him. We believe that he was a carpenter in disguise. He put all sorts of 'corners' and 'carving' to our hair—cut all sorts of 'grooves' in it, and left twenty citizens a sight to behold. We believe in letting the law take its course, but it is the general opinion that if ever lynch law is excusable, this is one instance when it would pass muster."

The New Pure Food and Drug Law.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. J. W. McCollum & Co.

Mrs. Burrell Wiggins and daughter, Mrs. W. R. Hurlbert, were in the city from Hague yesterday. Mrs. Hurlbert, who has been on a visit to Mr. and Mrs. Wiggins, was en route to her home in Fernandina and was accompanied by Mrs. Wiggins, who will spend a few weeks there.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. J. W. McCollum & Co.

Friends of Harry Kendall are congratulating him upon the birth of a fine boy, which was born in Asheville, N. Y., on August 23. Mr. and Mrs. Kendall have many friends here, all of whom will gladly welcome the mother and son home again as soon as they are able to travel. Mr. Kendall has been North with his wife, returning last Thursday.

Chas. W. Duval, who conducts a first-class shoe shop on East Union street, rear of Continental Restaurant, has an advertisement in this issue which will prove of interest to those who have "shoes to mend." Charlie is regarded as one of the most capable workmen in his profession, and enjoys a fine trade. He has been located on East Main street S. for several years.

The building at the corner of West Main and Masonic streets, which was occupied for several years by Mr. and Mrs. E. W. Smith, is receiving a thorough overhauling and repair, and will be used by H. J. Dempsey as a storage building. Messrs. Dempsey and Jules Eichelberger, two good-natured old bachelors, will also fit up rooms there, where they will be at home to their friends.

Captain C. B. McClenney and son, Louis C., were in the city from Cadillac yesterday. The latter was en route to Astor, where for the past two years he has been engaged in the logging business. Having finished the contract there, he will now wind up his business affairs. Mr. McClenney is a very ambitious and progressive young man, and will make success in every avocation he undertakes.

Capt. J. J. Beckham, formerly of Waldo and one of the most widely known railroad conductors that ever yanked a bell cord in Florida, as well as one of the most popular, was in town yesterday on his way to Cedar Key, where he and his wife will spend Sunday. Captain Joe has been running as conductor on the Southern Railway from Columbia for the past two years, and is on his annual vacation. He and his wife will spend a week at White Springs before returning to Columbia. His many friends are glad to see him, as well as his estimable wife.

Eugene M. Sanchez, for many years connected with the Clyde Steamship Company in Jacksonville, but for the past year and a half with Foster & Reynolds, general real estate and advertising agents, with headquarters in Havana, is in the city. Eugene is here on a visit to his uncle, Col. E. C. F. Sanchez. Few young men in the State are more widely known or more popular. Mr. Sanchez is possessed of that genial, amiable disposition which is bound to make friends for him, with the result that he gains popularity everywhere. He has just returned from his annual vacation, and is stopping here for a day or two on his way back to Cuba from Canada and the New England States.

POSTOFFICE IMPROVEMENT.

Postmaster Lynch Desirous of Keeping Up With Times.

Postmaster L. C. Lynch is not only up-to-date in the matter of giving patrons of the Gainesville office a good service, but he is also looking after the comfort and convenience of the employes of the office.

Mr. Lynch has made many improvements in the office since he was installed, but one of the latest and most important is a division railing, which will prove of great advantage and benefit to the clerks and carriers.

Mr. Lynch is the right man in the right place, and his friends and the public generally appreciate his efforts to give the city a first-class service.

LETTER TO SAUNDERS & EARLE,

Gainesville, Florida.

Dear Sirs: Such experiences as this are occurring all over the country:

Judge I. D. Fairchild owns two houses, exactly alike, in Lufkin, Texas. J. M. Torrence painted both houses, one Devoe, 15½ gallons; the other with another paint sold at same price; 25 gallons. That 25-gallons paint is weak and 15 per cent whiting; that's why it took 9½ gallons more.

You can learn for nothing what he had to pay for.

Yours truly,
F. W. DEVOE & CO.

P. S.: The S. J. Thomas Co. sell our paint.

WILLARD'S COMEDIANS.

Two Performances Given Yesterday, and Audiences Were Pleased.

Two large audiences greeted Willard's Comedians at both the closing performances yesterday afternoon and last night. At the matinee performance "Buster Brown's Holiday" was presented. Miss Mildred Bell as "Buster," captured the hearts of all the children present by her winsome ways. She was an ideal "Buster" and portrayed the well-known character in a most satisfactory manner. All the other characters were in competent hands.

At the conclusion of the matinee the Lilliputians, Princess Littlefinger and Baron Liable, held a reception on the stage and greeted all the ladies and children present.

The closing play of the engagement was "He Could Not Marry Two." It was a screaming farce-comedy and kept the audience in roars of laughter. All the members of the company appeared to advantage.

Willard's Comedians are without a doubt the best company that has appeared here in some time, and the people of Gainesville will look forward to their appearance here at some future time with pleasure.

Mr. J. N. Taylor of Jacksonville has been elected the superintendency of the State Reform School located at Marianna, and will accept the posi-tion. This is truly a case of the right man in the right place. Dr. Taylor has for years devoted himself largely to work among boys and many young men in Florida today owe their first step toward a higher plane of living to his wise counsel and unselfish in-terest.—Starke Telegraph.

As the editor of The Sun passed the opera house Friday night he ob-served several boys—mere lads—puff-ing away at the deadly cigarette. Now, where did these youngsters ob-tain these cigarettes which it is a violation of the law to sell or give away to minors? It would seem that the officers whose duty it is to en-force the law might be able to dis-cover the persons who act as pur-chasing agents for the boys.

CHINA'S ONLY FRIEND.

It seems, according to letters received from China, that the great Jellyfish Empire is turning once more to the United States as being the only friend it has left on the map. This is largely due to the action of President Roosevelt in remitting part of the Boxer indemnity, the blood money that was exacted from China at the time of the Boxer rebellion for killing foreigners and putting the allied powers to the expense of sending an expedition to Pekin to keep order in the country. The indemnity exacted was far beyond the actual outlay of the powers, and after China had paid several installments and time had softened the resentment of this country, as time does in almost all cases, the President announced that he was willing to remit about $40,000,000 of the indemnity still due the United States. This was last spring. The announcement was made just at the time that the Chinese minister, Sir Chentung Liang Cheng, started back home. Since then the boycott against American goods in China has quietly died out, and now that China is in need of a friend she is turning to the United States.

The trouble that China finds herself in now is principally with Japan, but incidentally with the most of the European powers. Japan has been encroaching on Chinese territory in Manchuria, and there are symptoms that the other powers are looking forward to the partition of the Empire which was once averted by the diplomacy of John Hay when he was the American Secretary of State. Now that the same trouble is arising again, China is turning to the United States as the one friend of the under dog and a power that has no axe to grind. The situation will help American trade in China, and thus far will be a reward of forbearance, but whether the United States can avert the partition of the great weak Empire is a serious question.

If Tammany doesn't settle the quarrel between Murphy and Mayor McClellan it will wield no influence whatever at the Democratic National Convention next summer; and that, you know, has always been Tammany's strong play. Just now it is a house divided against itself. McClellan will give it no city patronage and Leader Murphy has been so selfish in the past that he has disgruntled many of the assembly district bosses who live and thrive off patronage. Just now Murphy has the fight of his career to hold his followers together, because since it is virtually settled that there will be no recount McClellan is pretty sure to remain mayor until his term expires, and the Murphy element sees the hopelessness of expecting any patronage for their spoils. Grover Cleveland (who is Mayor McClellan's neighbor in Princeton) has advised him to be independent of Tammany. That has split Tammany's organization; and if some police shot doesn't come about in the next twelve months Tammany will cut no figure whatever in the next National Democratic Convention. The general belief in New York is that there will be a stampede from Murphy to the Mayor.

Ex-Governor W. D. Bloxham and Mrs. Gertrude M. Norvell of Dallas, Texas, were quietly married at Salem, Va., on the 18th inst. The many friends of Governor Bloxham extend heartfelt congratulations and wish him and his new help-mete much happiness. The couple will return to Tallahassee in a few weeks, where they will make their future home.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

"Those people out on the Pacific Coast, most of whom are Republicans," says The Live Oak Democrat, "are now yelling with one accord and at the top of their voices, 'this is a white man's country and we intend to keep it so.' But when the South said the same under pressure of a problem immeasurably more difficult and threatening than any brought to the Pacific Coast by a handful of Japanese, it was brutal and barbarous in us, abhorrent to our system of government, a cruel wrong to the poor negroes, and we deserved the heavy hand of Federal authority upon us to teach us humanity and civilization. People outside the South are getting a dose of the racial question now, which they have needed for fifty years, and to gore them deep and strong is the only way to drive any sense into them on the issue."

The Times-Union is to be congratulated upon the excellent news service it has given during the strike of the telegraph operators, as well as the operators in the employ of the Associated Press. Few people realize the difficulties under which the leading dailies of the country have labored during the past few weeks, and the manner in which The Times-Union has met the emergency shows that Editor-in-Chief Geo. W. Wilson has surrounded himself with one of the most capable staffs of employes that any paper in the country can boast of. No matter how much some people may differ with the editorial opinions of The Times-Union in certain respects, no one can justly complain of its news service.

The Punta Gorda Herald says: "Let's leave the railroads alone long enough to heave a few legal brickbats at the fire insurance trust. If there is an uncurbed trust in the United States, it is the well-known combination of the fire insurance companies; and why nothing is said or done about it, passes understanding."

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

S.S.S. RIDS THE SYSTEM OF MALARIA

Malaria is an atmospheric poison which we unconsciously breathe into our system. The blood in its constant passage through the lungs absorbs these germs and they destroy the rich, red corpuscles of this vital fluid and reduce it to such a weak, watery condition that it is unable to properly nourish the system, and disease gets a foothold. Then the symptoms of Malaria, such as pale, sallow complexions, weak vitality, poor appetite, deranged digestion and perhaps chills and fever show that the trouble is affecting every part of the body. Malaria also affects the liver, producing a chronic state of biliousness, and often a long spell of fever follows when the blood becomes badly contaminated with the poison. Chronic Sores and Ulcers, boils, aches and pains, and skin affections of various kinds often result from this insidious disease if the poison is allowed to accumulate in the blood in sufficient quantities. Malaria must be removed from the system through the circulation, and for this purpose nothing equals S. S. S. This great remedy goes down into the blood and drives out all germs, microbes and poisons, and positively cures Malaria. S. S. S. not only cleanses the blood of the cause, but furnishes it with the healthful properties it needs, so that instead of a weak, germ-infected stream, spreading disease throughout the system, it becomes a rich, red fluid, nourishing the body and enabling it to resist disease. S. S. S. is also the greatest of all tonics, and builds up and invigorates the entire system while ridding the blood of the germs of Malaria. Persons who are suffering from Malaria will be pleased with the prompt and pleasant results produced by the use of S. S. S., and can take it with confidence because it is an absolutely safe medicine, being free from harmful minerals of every kind. Book on the blood and any medical advice desired sent free to all who write.

DRESS PERFECTION LIES IN THE SMALL DETAILS

Mrs. Osborn Reviews the Little, But Important, Accessories That Complete a Woman's Costume.

—COPYRIGHT, 1907, THE DEMOREST—

New York, September 18.—Often you meet on the street, or at some social gathering, a woman who holds your attention by her distinction of being well-dressed. The more you admire, the more you find yourself unable to point exactly to the thing that wins your admiration. In fact, it is no one thing, but a clever harmonizing of many things, that give her perfection. So skilfully has the whole arranged and combined the various details of her costume that they all merge into a superb effect of oneness—the whole.

The vast array of accessories for fall wear will give every woman ample opportunity to use her cleverness and to prove to her own gratification that a mastery of details means a solution of the eternal problem of effective dressing.

"Colors," writes Mrs. Osborn, "are to be unusually striking this season. Some excellent browns have been introduced. Chinese blue and Bordeaux reds are in high favor, as well as some positively beautiful tints in amethyst and gray-green effects. And purple! Fashionable is it that I fear it will run to death. In all features of dress we are in for another season of color.

"Flowers will reign this fall in gay profusion—some new ones, too. People say the very smartest, the very newest thing in the artificial flower line. Dahlias, daisies, and chrysanthemums are also much used."

One might devote a whole chapter to the alluring show of Fall veils. They run the whole scale of every color, weight and design imaginable in chiffon, lace or gauze, with exquisite borders and occasional dainty patterns on the face. The large, bold veils covering the face, are no longer favored.

The Autumn coiffures are to be more elaborate than ever—veritable mountains of false hair. Puffs, curls, braids and switches are to be employed with a prodigality that is having a widespread vogue. The principal charm of this vogue—for there is a charm back of all things fashionable, even false hair—is that the hair may be made to follow the form of the hat, fill out or fall in according to the hat brim.

There has been one marked change with regard to hosiery fashion—lacy work is no longer desirable, being replaced by the plain mesh. These stockings of silk or lisle are of the finest texture and are more often than not unornamented. There are, however, some beautiful embroideries shown in delicate flower patterns for those whose preference are along such lines.

For the coming season the plaited skirt will no doubt continue, but with a declining favor. Its popularity has been tremendous and it can't disappear in a moment; but unmistakably the new gored skirt will be worn not a little. These circular gored skirts are very graceful and really economical, as all your material is utilized in the cutting.

The coats are very attractive for the Fall. The effects are tighter, showing more of the line of the figure. The Louis period with its handsomely embroidered vest is to be seen much, and one of the strongest features for Autumn in trimmings will be braid effects. Then there are also the tight-fitting short jackets with Gibson effects and many variations of the Prince Chap as well as cutaways, redingotes and box coats—in fact, coat fashions were never more attractive and varied.

The long wraps to wear with more elegant costumes are this season unusually graceful as well as sensible in their loose, voluminous lines and kimono effects, as well as the one-piece wrap which can be taken on and off without mussing the softest and daintiest of gowns. With these wraps a woman is emancipated from having her sleeves tucked in by another person.

Many smart tailored gowns are to be worn combined with severely tailored waistss.

"The Empire gown and the princess, both greatly modified," continues Mrs. Osborn, "will continue to appear frequently. The Empire waistline, slightly indicated, say, perhaps an inch higher than the regulation waist, is graceful even on fleshy women. The old idea of the Princess, 'melting the woman and pouring her into it,' no longer prevails. Such accentuation of the hips ruined the style. The straight-cut princess of today, suggesting the long, straight line from the shoulder, is more exclusive. One of Ethel Barrymore's gowns is a beautiful illustration of this, but possibly a little too marked in cut for all to follow."

Among the Princess models those with the plastron front will probably meet with a great popularity, for it can be varied in so many ways. It can be fashioned in the severe materials, with button, braid or embroidered effects, and also in the chiffon cloths and soft evening fabrics.

And now for the fabrics. We are inclined to a greater simplicity of pattern, which is very hopeful for American dress. They will be rich and warm both in texture and color. In wool materials we shall wear many of the regulation Winter stuffs—broadcloath, plain and in stripes, and plaids, ladies' cloth, heavy serge, wool panama, cheviots and velvets. The one-color broadcloths will appear in violet, blue, purple and fawn, while in the cheviots and plaids, the prevailing colors will be blue, stone-gray and green. Many of these fabrics will be heavily trimmed.

We are to have a great variety of trimming this season and will wear a great deal of it—some set on, some set in, some suspended. Stitched and plain bands of cloth or silk and soutache, from the widest to the narrowest widths, will be used in decoration of the heavier dress fabrics and even on a chiffon and voile. In many cases these trimmings are made more conspicuous by the mode in which they are attached, usually by blind-stitching only on one edge.

The daintiest, most delicate design in pastel shades or resemblances to Dresden patterns will delight the eye in the unobtrusive yet decided vest in the suit coat, or even in the house gown. The introduction of gold and silver thread in many of these designs gives a delicate but vivid note of richness. Buttons large and small in odd designs and mostly made up of soutache, or a fancy curling of braid, and even the long-used frog appear in new-found places on gowns, suits or coats.

"A great deal of jewelry is now being worn," concludes Mrs. Osborn, "notably bracelets and large earrings. Smart women suit the color of their jewelry to their gown. Large handbag effects are no longer so fashionable.

"In the laces filet worked—or rather darned—in gold thread, or set in with solid embroidery in gold, brown or violet, are among the most popular. For that matter, filet in almost every conceivable design, from all-over patterns to medifs of triangular design of velvet and gold or gold and silver, will have a long, long, run. Among the standard laces the most fashionable are Irish crochet, valenciennes, cluny and Japanese, and, of course, among the real laces—point de venise, English thread and princess."

Cures Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Killed Negro Outlaw.

Collinsville, Ills., Sept. 21.—After running rampant through the streets here, chasing people into their homes at the point of a revolver and clearing saloons of patrons, George White, a negro, was shot and instantly killed by Deputy Sheriff Will Blake. The negro owned a saloon in the outskirts. He appeared on the streets with a revolver and after terrorizing the town, he returned to his saloon, barricaded the doors and refused to submit to arrest. The deputy broke down the door and shot White through the head. White had long been considered a dangerous character.

Chamberlain's Cough Remedy One of the Best on the Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and undoubtedly the best in the market for the purposes for which it is intended. Sold by all druggists.

Earthquake in California.

Redlands, Calif., Sept. 21—A sharp earthquake shock was felt at 5:15 o'clock Thursday evening. The vibrations were from north to south. The duration of the loud rumble was two seconds, while that of the shake was one second. No damage is reported, though the shock was the heaviest in years.

Nothing Heard from Telford.

NORTH GAINESVILLE TRUCKING.

This Industry is Growing Rapidly in That Section.

Truck farming, which has always been an important industry in North Gainesville, is enlarging in its proportions, and ere long the truckers of North Gainesville will be among the first of the State, according to reports.

L. A. Means, who has for the past two or three years made a remarkable success in the growing of lettuce, and who is regarded as one of the most successful truckers in this section, has felt so good over his last efforts that he has decided to try another two acres under the irrigation process, with the result that he has let the contract, and the additional irrigation is now being laid.

J. J. Freese, who has also made quite a success at trucking, is laying a plant for irrigation of one acre on his place in North Gainesville, and from this Mr. Freese expects to make a good thing the coming season.

North Gainesville is proving a good section for those who desire to engage in the trucking business, and those who are more ambitious are now resorting to extensive irrigation.

POUND WILL BE BUILT.

Marshal Arnow Instructed to Purchase Lumber and Build Pound.

On Thursday The Sun contained a notice to the effect that the marshal and night officer were tired chasing cows from the University lot to the pound, which is located on East Magnolia street, immediately west of the county jail, and that another pound was needed in West Gainesville.

This notice seems to have had the desired effect, as the authorities have given Marshal Arnow the authority to purchase the lumber and have erected a pound on West Liberty, which will be located opposite the Tampa and Jacksonville depot, on the corner of Fifth street.

The construction of this pound will probably prove of great benefit to the people of West Gainesville who have been troubled with loafing cows.

DIED IN SLEEPER.

Sudden Death of a Prominent Attorney of Louisville, Ky.

Knoxville, Tenn., Sept. 21.—Major L. A. Gratz, a prominent attorney of Louisville, Ky., was found dead in a berth in a Southern railway Pullman sleeper near this city Friday morning.

He was enroute from Louisville to Knoxville on a business mission. The remains were removed from the train at Dante, a suburban station, and conveyed to the home of his son-inlaw, ex-Senator Horace A. Mann. Heart affection is attributed as the cause of his demise.

Major Gratz was formerly a resident of Knoxville, having been mayor of the suburban city of north Knoxville.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1.00. Sold by W. M Johnson.

High Altitude Drove Him Insane.

Cheyenne, Wyom., Sept. 20.—Captain S. J. Sanderson, of Ft. Dearborn, Ill., who has been on a hunting trip in the mountains near here, was brought to Ft. Russell suffering from insanity, caused by the high altitude. He will be taken back to Ft. Dearborn, as soon as his condition will permit.

High Tax on Locker.

Broxton, Ga., Sept 20.—The city council voted a tax of $10,000 on all locker clubs that might operate in our city after Jan. 1. This business license, in addition to the state license of $500, will in all probability keep out the operation of any liquor club.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

SULTAN GOES TO RABAT.

Report of His Leaving Fez Confirmed. Total Force of 15,000 Troops.

Paris, Sept. 21.—The peace negotiations at Casa Blanca are successful. France will immediately repatriate the main portion of the troops, leaving only a sufficient force at Casa Blanca to insure, in conjunction with the Spanish troops, the policing of the city.

Tangier, Sept. 21.—Advices received here from Fez confirm the report that Sutlan Abd El Aziz recently left the northern capital for Rabat with 5,000 men. While traversing the region inhabited by the Beni Hassen tribe he received adhesions, bringing his total of troops up to 15,000 men.

Chamberlain's Cough Remedy

Cures Colds, Croup and Whooping Cough.

32 KILLED; 33 INJURED.

Passenger and Freight Collide on the Mexican Central Railroad.

Mexico City, Sept. 21.—There has been a disastrous wreck on the Mexican Central Railroad.

A freight train and a passenger train came into collision at Encarnacion, near the city of Aguas Calientes, and it is reported that thirty people were killed and many injured.

The passenger train was the regular El Paso express, which left that city Tuesday. No train from the United States has come in over the Central, but one is expected. The railroad officials here admit that the wreck occurred, but refuse to talk of the matter.

Authentic reports received here say that thirty-two persons were killed and 33 sustained injuries. There are no prominent persons among the killed or wounded.

The Pullman cars were not badly damaged, but the two engines and several first, second and third-class coaches of the passenger train were demolished.

The disaster is said to have been due to a disregard of train orders.

NEED HAVE NO FEAR.

New York Homes Amply Protected by Gunners of the Forts.

New York, Sept. 21.—Even if the navy should be engaged elsewhere, New Yorkers need have no fear of their homes in case of an attack by warships of a hostile country, according to Major General Frederick D. Grant, commanding the department of the East.

While General Grant declines to make any comparisons between the work of the navy and army gunners in the forts, he did say this:

"I am convinced that the gunners in the forts in my department can shoot so well that they can put warships out of action fully as fast as they can come up against them."

Considerable discussion has been engendered between army and navy men over the quality of marksmanship displayed in each branch of the service. General Grant said he was glad the navy gunners were such good marksmen, but army marksmanship had always been one of his hobbies.

STANDARD OIL CASE.

Proceedings Toward the Dissolution of the Corporation.

New York, Sept. 21.—Some of the Standard Oil company's books wanted by the government's counsel engaged in the proceedings here toward dissolution of the corporation, have not yet been produced, but several real important books have been forthcoming.

The agreement of 1892, which was signed by many of the men now in the front ranks of Standard Oil control and management was put in evidence by Frank B. Kellogg, the government's lawyers. How Mr. Kellogg obtained possession of this document is not known. It is said that Detective Flynn, head of the New York branch of the United States Secret Service, has conferred with Mr. Kellogg since the hearing here began.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. Stewart., of the firm of Stewart & Bro., Greenville, Ala. For sale by all druggists.

Petition for Bond Issue.

Atlanta, Sept. 21—The Atlanta Telephone and Telegraph company has filed with the railroad commission of Georgia a petition to be allowed to register a $2,000,000 bond issue. The commission acknowledged the petition and set Thursday, Sept. 26, as the date on which the petitioners should be heard as to why, or why not, this petition should be granted.

Lame Back.

This is an ailment for which Chamberlain's Pain Balm has proved exceedingly valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke LaGrange of Lansing, Mich., says of it: "After using plaster and other remedies for weeks for a bad lame back, I procured a bottle of Chamberlain's Pain Balm, and two applications effected a cure." METHODIST MOVEMENT.

Laymen of Church To Be Organized Into Militant Body.

Knoxville, Tenn., Sept. 21.—Full details of the organization of ten thousand laymen of the southern Methodist church into a militant body will be completed at a meeting of delegates from all sections of the south to be held next April, at a point to be selected by a committee, which will meet within a month at Memphis.

This committee is headed by John R. Pepper, of Memphis, who is temporary president of the big organization. General Julian S. Carr, of Durham, N. C., has already announced that he has five or ten thousand dollars, which he will place to the credit of the new organization as soon as it has need for the funds. The laymen are to organize that they may look after the business end of the church's affairs.

Bishops Hendrix, Hoss and Candler, who attended the meeting in this city, believe the movement is the greatest in the history of all Methodism.

BRIEF DISPATCHES.

Senator Augustus O. Bacon, of Georgia, has arrived in Rome, Italy. He sails for New York from Naples on Sept. 27.

The statement of the treasury business in the general fund, exclusive of the gold reserve, shows: Available cash balances, $340,303,707; gold coin and bullion, $50,442,435; gold certificates, $31,404,700.

Another reduction of forces has been made in the Southern railway shops at Spencer, N. C., and 300 men are now laid off with but 500 remaining at work.

New Jersey Democrats have nominated Frank S. Katzenbach, Jr., for governor.

A northwestern wheat crop of 165,000,000 bushels is indicated by the threshing returns.

Senator Cullom declares no man in the country is so well fitted for the White House as Congressman Cannon.

Secretary Taft will ask $3,000,000 for additional Chesapeake bay fortifications.

The disaster on the Japanese battleship, according to details received in Washington, was undoubtedly caused by "flareback."

Four new Italian cardinals will probably be created by the pope at his next consistory.

Pope Pius is to sanction no proposals for convents in Rome, as he considers that there are too many now.

Lord Brassey has declared before the Liverpool chamber of commerce that the state should own the railroads.

A new regiment of lifeguards is to be formed for protection of the czar.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is within the reach of all. T. H. A TERRIBLE BIG TROUT.

He Was Cunning and a Hard Case, Too, Was This Fish.

We were camping in northern Wisconsin, and one evening after our supper of black bass and bacon we lay under the pine trees smoking and telling fish stories in which it was always the "biggest bass" that got away. The guide listened with the gravity of a man who knew all about fish stories, and finally he knocked the ashes from his pipe and told us a story.

"Once long ago," he said, "there was a terrible big trout up in Smith's pool. Every fellow who fished in the pool had hooked him one time or another, but he always got away, bit off the snood or something.

"I tried to catch him myself a dozen times. One day I was sitting by the pool when, splash, a young robin fluttered out of the nest on a limb above the pool into the water below. In a minute there was a rush, a gleam of yellow, and the old trout had thrown himself clear out of the water and had swallowed the young robin whole.

"What did I do? Well, I climbed that tree in short order, got another one of those young robins, baited my hook with it and threw it in just as lightly as I could. In a minute there was another rush, another gleam of yellow, and again the old trout jumped clear out of the water as he swallowed the robin, and in a minute more I had him hooked.

"It was lucky I wasn't fishing with any of this newfangled rigging these boys use and that I wasn't bothered with a reel to look after, or I would have lost him sure. As it was it took me a devil of a time to get him out.

"Good to eat? Great Scott! We didn't try to eat him. He was so full of hooks we sold him for old iron, you know."

That ended our fish stories for that night.—J. J. A. in Chicago Tribune.
